Hi Jess:

The RAR is a report by the BVL (the Federal Office of Consumer Protection and Food Safety), which coordinates the inputs from specialist institutes like the BfR. So, all communications regarding the RAR should go through the BVL. Also, we don't believe updated versions will be available on the EFSA web site until after the EFSA opinion is published (~10/30/15).

Suggest contacting either the Pesticide Unit coordinator, Mr Koepp (herbert.koepp@bvl.bund.de) (who is typically present at the OECD Working Group Pesticides, so perhaps you know him?) or the coordinator for glyphosate, Dr Kula (hartmut.kula@bvl.bund.de).

Thanks,

Dan Jenkins
